

Civic Level Assessment

Civic Level Assessment

Population Intervention Triangle

Section 1 to 3 Civic Interventions

Use the template provided below to map how existing powers can be utilised to influence health outcomes

CIVIC LEVEL INTERVENTIONS TEMPLATE

RELEVANT POLICY

Example: active travel strategy – a broad range of organisations may have policies and defined commitments around it.

--

RELEVANT PARTNERS

Example: Which organisations have a relevant policy in place? Which have ownership if this applies? Could be local authorities, businesses, or sports partnerships in the case of active travel.

--

RELEVANT INFORMATION

Note if policies are aligned, jointly owned, possible to influence etc. This will form the summary on your local area plan

--

Civic Level Assessment

Prompts – Breadth of powers	Prompts – domains that impact on health outcomes from the Health in All Policies HiAP Manual
Policy and strategy development and review	Best start in life
Legislation - including regulation, licencing and by-laws	Healthy schools and pupils
